

Maritime Provinces 7 Days

Highlights : Riviere-Du-Loup, Gaspé Bay of Fundy, Moncton, Charlottetown, Peggy's Cove, Halifax, Fredericton

Duration: 7 days, 6 nights

Day 1: Ottawa -Whale Watch - Rimouski

We depart Ottawa at 5:00 AM in the morning and drive six hours to the small Quebec town of Riviere-Du-Loup. We embark on a three-hour whale watching cruise to discover the diverse collection of marine life that thrives in this unique maritime estuary. Experienced on-board guides help us identify the many different species of whales that come to feed here, including Humpback, Finback, Minke, and Beluga Whales. After cruise, we visit the harbor and le Grand Rassemblement (French for "the Great Gathering"), a unique artwork of over 80 life-sized statues. As we continue our way east, we visit the biggest wind farm in Canada in Cap-Chat, Quebec, which boasts 76 giant wind turbines that include some of the tallest in the world. We end the day in the town of Rimouski, at the tip of the Rimouski Peninsula.

Day 2: Rimouski - Gaspé

After breakfast we depart for Reford Gardens, we will tread from one discovery the next, enraptured by the beauty of landscaping where we will find more than 2000 species and varieties, both indigenous and exotic, perennials, annuals, and shrubs. Then we will make our way to Forillon National Park, where sea, cliffs, and mountains have sculpted 244 square kilometres of majestic landscape. After discovering the amazing natural riches of this region - underscored by its astonishing flora, fauna, and geology - we drive to the town of Percé famous for its Percé Rock. We embark on a boat cruise to Bonaventure Island, where 293 different species of birds live on just 4.16 square kilometers of land. During the cruise, we witness a wonderful exhibition of nature untouched by man. Birds, seals, and maybe a shark cap off our visit before we head to Gaspé, East end of Quebec for the evening.

Day 3: Gaspé - Bouctouche Bay - Bay of Fundy - Moncton

Today, we discover the authentic Acadian culture and natural riches of New Brunswick by touring the east coast on a scenic drive. We arrive at Bouctouche Bay, home to one of the few remaining great sand dunes on the northeastern coast of North America. We can swim along the long stretches of warm water beaches in the Atlantic or take a leisurely stroll on the boardwalk. The site grants us access to a beautiful collection of flora and fauna. After a comfortable lunch, we drive to the famous Hopewell Rocks in the upper reaches of the Bay of Fundy. We witness the world's highest tides and the illustrious "Flower Pot Rocks" fantastically rising above the bay floor. After being part of this natural phenomenon, we head to Moncton to uncover the secret of the Magnetic Hill.

Day 4: Moncton - Cavendish Beach - Charlottetown

Today we continue our journey by crossing the Confederation Bridge from New Brunswick to Prince Edward Island, arriving in Charlottetown. Known as the Gentle Island, P.E.I. is Canada's smallest and greenest province. Cradled on the waves of the Gulf of St. Lawrence, the island is known for the vivid colours of its gently rolling landscape. We have lunch in its charming small-town capital and then visit Cavendish Beach and the house of Green Gables, where we see how author Lucy Maud Montgomery found the romantic inspiration for her early twentieth century coming-of-age classic. Tonight we enjoy a fresh lobster dinner in Lobster Village courtesy of the Atlantic Ocean.

Day 5: Charlottetown - Peggy's Cove - Halifax

We begin the day with a five-hour drive to Peggy's Cove, a small rural community located in St. Margaret's Bay. On the rocky coastal landscape of Nova Scotia, we find the postcard perfect village of Peggy's Cove and the most photographed lighthouse in the world. We have lunch and then make our way to the Nova Scotian capital of Halifax. As the most populous city in the Maritimes, Halifax is steeped in history, rich in culture, and refreshingly cosmopolitan. It bustles and thrives with all the energy and amenities of a capital city but within minutes of the city's core, Halifax offers the small coastal villages, country charm, and wilderness for which Nova Scotia is known. With over 400 kilometres of dramatic coastline, white sand beaches, and one of the world's largest natural harbours, it is clear that life here revolves around the sea. Some sites of interest we visit include the fortress on Citadel Hill, the Seaport, and the Maritime Museum of the Atlantic. In the evening, stroll along the city's cobblestone walkways while taking advantage of the city's fine dining, great music, fashionable boutiques, and whimsical craftshops.

Day 6: Halifax - Shediac - Fredericton

This morning, we go to the Lobster Capital of the World – the town of Shediac. This New Brunswick town is home to the largest lobster sculpture in the world. Then we enjoy the sunshine on the beautiful Parlee Beach and the feel of the hot sand under our feet. After lunch we will we drive to the capital of New Brunswick: Fredericton. Nestled alongside the Saint John River, Fredericton boasts tree-lined avenues graced with Victorian architecture, complementing a vibrant cultural life, fine galleries and museums, lively outdoor cafés, and miles of riverfront trails. We over night at hotel in Fredericton

Day 7: Fredericton - Ottawa

On our last day of the trip, we drive back to our home Ottawa. We go through the Hartland Covered Bridge, the longest covered bridge in the world. We drive to Grand Falls, New Brunswick for lunch and then head back to Ottawa. We arrive home at around 10:00 PM after an unforgettable week on Canada's East Coast.
